TO OUR LISTENERS:

We are pleased to inaugurate:

\*daily news reports

\*Coverage of SOC sporting events

\*live, and taped-delayed, broadcasts of local musical performances

\*nightly album previews of the latest popular releases.

We will again bring to you live opera performances from the Texaco Metropolitan Opera Network Service commencing in December. Until then, we offer KSOR FESTSPIELHAUS, a weekly opera broadcast from our library.

We are happy to add recordings by the most talented foreign artists on MUSICA HELVETICA and CANADIAN CORNER. And although no one can predict what SUNDAY SUPPLEMENT will feature on a given week, we invite you to tune in on Sundays at 8 pm and sample the program for a pleasant surprise.

Serious music listeners who continue to enjoy SISKIYOU MUSIC HALL are invited to submit requests.

This quarterly guide will be updated with a weekly supplemental listing of featured works and special programming events. For your free copy just call us at 482-6423. We invite comments and suggestions.

Next quarter we look forward to continued expansion and improvement in our program schedule. You'll be hearing more about these plans in the next few weeks.

And, KSOR of course, comes to you commercial-free. Welcome to PUBLIC RADIO, The Rare Medium That's Well Done.
